

Personal Information

Name	Irvan Dalfirtano Tambunan
Place/Date of birth	Palembang/April 20 th ,1986
Gender	Male
Religion	Moslem
Marital status	Single
Passport number	P 650213
Address	Jalan Cisitu Baru 12 Bandung, West Java Indonesia, 40135
Contact number	Mobile 0856 2105756
E-mail	irvan.tambunan@yahoo.com
Homepage	http://kebebasan.wordpress.com
Interest	Internet Engineering, Computer Networking, Wireless Network, Computer Network Security, Blogging, and Photography

Personal Background

Strength of Personality	Key Competence
<ul style="list-style-type: none"> ☞ Good communication skill - adaptive ☞ Proactive - initiator ☞ Open mind – good listener ☞ Creative – concept maker ☞ Good analytical skill – problem solver ☞ Good organizer – well managed and directive 	<ul style="list-style-type: none"> ☞ Computer Network ☞ Programming Language, such as C, C++, Java ☞ Electronic Devices, such as FPGA ☞ Operating System, such as Windows, FreeBSD, and Linux

Educational Background

Time	Institution	Institution Type	Description
2004-2008 (expected)	Bandung Institute of Technology (ITB), Electrical Engineering, Bandung	Public Institute	Major: Electrical Engineering Sub Major: Computer Engineering Final Assignment: Quantitative Research, titled: Design and Implementation High Performance VoIP Application in Rural Next Generation Network (NGN)
2001-2004	SMA Negeri 2, Bandar Lampung	Public Senior High School	Major: Science Knowledge
1998-2001	SMP Negeri 2, Bandar Lampung	Public Junior High School	-
1996-1998	SD Kartika II-5, Bandar Lampung	Public Elementary School	-

Non Formal Educational Background

Time	Place	Description
2006	Bandung	Open Solaris Workshop, held by USDI ITB
2006	Bandung	MyCampus Personal Portal and Personal Website Workshop, held by USDI ITB
2006	Bandung	Amateur Radio Club ITB's Training of Computer Network and Radio Frequency (RF) Basics
2006	Bandung	ITWihthin Security Seminar, held by HMIF ITB
2004	Bandung	Introduction to Linux OS, held by Comlabs ITB
2004	Bandung	Introduction Success Strategy on Campus, held by ITB

Professional Experiences

Time	Organization	Organization Type	Core work	Position	Key Role
March 2007-now	Asian Internet Interconnection Initiatives (AI3)	International Research Consortium among Research Institutes in Asian Region	Professionalism Internet Network of ITB	Network and System Administrator	<ul style="list-style-type: none"> ➤ Managing of Domain Name System (DNS) ITB ➤ Maintenance server ➤ Troubleshooting server ➤ Service for AI3 internet users
June 2007-August 2007	PT Aplikanusa Lintasarta	Profit	Provider of Datacom and Value Added Services	Internship Student	<ul style="list-style-type: none"> ➤ Studying company services ➤ Creating concept and design about video conference
June 2006-July 2007	School on Internet (SOI) ITB	Non Profit	Professionalism Distance Learning System of ITB	Ex. Member	<ul style="list-style-type: none"> ➤ Deploying network for video conference ➤ Held video conference session
January 2006-now	Amateur Radio Club (ARC) ITB	Student Organization	Network Administrator Development	Senior Trainer	<ul style="list-style-type: none"> ➤ Creating Learning Design ➤ Conduct, monitoring, and evaluating seminar/training
				Staff Internal Divission of	<ul style="list-style-type: none"> ➤ Managing of internal organization ➤ Controlling activities
January 2005-now	Himpunan Mahasiswa Elektro (HME) ITB	Student Association	Electrical Engineering Student's Organization	Member	<ul style="list-style-type: none"> ➤ Responsible for association ➤ Held electrical engineering event, studium generale, etc.

Technical & Facilitating Skills

Topics	Sub Topics	Description
Operating System	Windows	Using the applications in Windows Operating System
	FreeBSD	Managing FreeBSD Operating System based Server
Computer Application	Software	
	Microsof Office	Using for the office application
	Cygwin	How to run the UNIX platform in Windows Operating System
	Internet Application	Using software, such as Mozilla Firefox, Yahoo Messenger, email client.
	Hardware	
	Cisco Router	Deploying Router for Internet Network
	FPGA	Testing and simulating the Integrated Circuit (IC) Design
Computer Networking	UNIX Platform	TCP/IP based computer networking and troubleshooting
	Server	Building and maintaining internet servers, such as http server, ftp server, mail server, and DNS server.
Programming Language	Sub Topics	Note
	C	Basic
	C++	Basic
	Java	Basic
Language	Sub Topics	Note
	Indonesia	Speaking (Excellent), Reading (Excellent), Writing (Excellent)
	English	Speaking (Good), Reading (Excellent), Writing (Good)

I hereby sign to certify that all information provided in this document is true and correct.

Sincerely yours,

Irvan Dalfirtano Tambunan
